

THE BLACK FLAME OF THE AMAZON

Maintained by the Old Time Radio Researchers Version 2112

The Old Time Radio Researchers Group (OTRR) presents its set of THE BLACK FLAME OF THE AMAZON. The OTRR contributors have researched this series and compiled the highest quality and most accurately labeled individual episodes available to the group.

There are 28 EPISODES in this set, released December 2021. To prevent inferior and mislabeled episodes from circulating further, we recommend that all prior OTRR sets of THE BLACK FLAME OF THE AMAZON be discarded.

It is always possible that new episodes, improved sounds files, or more accurate labels and program information will be discovered; such is the nature of ongoing research. We welcome these new discoveries and encourage anyone involved with such to contact the Old Time Radio Researchers at our website (www.otrr.org), our [Groups.io page](#), or our [Facebook page](#).

The Old Time Radio Researchers Group would like to thank the following people who contributed to this set:
