

DANGEROUS ASSIGNMENT

Maintained by the Old Time Radio Researchers Version 2112

The Old Time Radio Researchers Group (OTRR) presents its set of DANGEROUS ASSIGNMENT. The OTRR contributors have researched this series and compiled the highest quality and most accurately labeled individuals episodes available to the group.

There are 113 EPISODES in this set, released DECEMBER 2021. To prevent inferior and mislabeled episodes from circulating further, we recommend that all prior OTRR sets of DANGEROUS ASSIGNMENT be discarded.

It is always possible that new episodes, improved sounds files, or more accurate labels and program information will be discovered; such is the nature of ongoing research. We welcome these new discoveries and encourage anyone involved with such to contact the Old Time Radio Researchers at our website (www.otrr.org), our [Groups.io page](#), or our [Facebook page](#).

The Old Time Radio Researchers extend special thanks to Walden Hughes of Hughes Productions. Hughes Productions owns all radio and television rights to *Dangerous Assignment* and other series from the Frank Bresee archives including the *Golden Days of Radio*.
