Milwaukee Road Land Value Granted $3,700 Reduction

A $3,700 reduction was granted by the city board of review Tuesday from the $30,610 assessed value placed on land owned by the Chicago, Milwaukee, St. Paul and Pacific railway between Lake Monona and W. Washington ave.

The land, leased to the P. Lorillard Tobacco Co., Four Lakes Fuel Co., John Findorff and Son, and other commercial concerns was valued last year at $16,600. The board cut the new valuation to $26,000.

Decisions were held up on appeals of the Hotel Loraine and Capitol theater properties.

The hotel protested an increase from $994,075 ot $1,078,300 in its real estate assessment and held a $146,550 valuation placed on its furniture and fixtures was grossly excessive. The hotel's value, it claimed, does not exceed $900,000.

The theater was assessed at $639,800 in addition to a $13,075 valuation placed on its seats.

The board confirmed increased assessments, from $7,500 to $12,400, and $6,000 to $11,000, on two houses owned by Carl Sachtjen at 1718 and 1702 Vahlen st., but reduced two lots in the Sachtjen plat from $1,350 to $800, and another from $1,100 to $750.

Also confirmed was an increase, from $7,375 to $10,300 on the property of Gottfried Boss, 554 Maywood st.

Cooperation among three branches of the state government and Wisconsin broadcasters this year is bringing University of Wisconsin basketball games to the largest radio audience in the school's history.

Thirty-one stations are carrying the 22 Badger games, including one at Evanston, Ill.

"Much of the increase," says the state department of agriculture, "is due to the cooperation of the university, the state broadcasting service, Wisconsin radio stations, and the state department of agriculture in a project sponsored by the dairy promotion section of the department.

"Most of the 31 stations are participating in a program whereby the state agriculture department provides the broadcasts for the radio stations. In return for this service, the stations are making several announcements during the broadcast. These announcements acquaint the public with facts concerning the Wisconsin dairy industry and remind the listeners of the value of Wisconsin dairy foods in developing healthy bodies.

"The plan was developed by Frank Wing, radio supervisor for the department of agriculture; Art Lentz, university sportscaster, and Don Wilkinson, dairy products promotion head of the department of agriculture.

"As the season progresses, more stations are joining the group carrying the programs.

"Wing stated this week that plans are now being discussed to use the project to bring the state high school basketball tournament to Wisconsin radio sports fans."

COMPETITION: Terms of the ninth annual Young Composers contests of the National Federation of Music Clubs have been announced by Dr. Francis J. Pyle of Drake university, Des Moines, Ia., national chairman of these events, and Mrs. Royden J. Keith, Chicago, national president.

This year the contest has a single category instead of the customary three, and a larger monetary award for the first prize winner. The composition sought is a chamber music work for not fewer than two nor more than five instruments, of which one may be the piano and one must be either a brass or a woodwind instrument. Winner of first place will receive a cash award of $150. The second prize will be $50.

The competition is open to native or naturalized composers resident in the United States or its possessions who are not less than 16 and not more than 25 years of age on Apr. 1, 1951, the date on which the contest closes. In the case of veterans, this age limit is extended by the length of time spent in the service.

Judges will be Charles Haubiel, composer and director of the Composers Press, New York City; George F. McKay, professor of music at the University of Washington, and Burnett C. Tuthill, director of music at Southwestern college, Memphis, Tenn.

MAIL BAG: From Karla Dahl. . . .

"Is the person who plays 'The Great Gildersleeve' and 'Honest Harold' on the Harold Peary show the same person? On the Gildersleeve show he is called Willard Waterman. (There couldn't be two people with voices that much alike.)"

Sorry, Karla, but there could—in fact, there are. Harold Peary is "Honest Harold" and Willard Waterman is "The Great Gildersleeve." Peary created the Gildersleeve role, which was taken over by Waterman when Peary moved from NBC to CBS.

FRESH-DRESSED
POULTRY

Yes . . . this discovery was made at hundreds of Thanksgiving tables — and will be reaffirmed in many additional homes during the Christmas holidays. These are the families who have, and will INSIST on Klinke Poultry in the purchase of holiday fowl. And, here are reasons for the discrimination:

FRESHNESS
All Klinke poultry is fresh-killed; immediately drawn and dressed, and refrigerated in temporary storage for delivery—on order, to downtown Klinke Poultry Markets. This rapid and complete processing assures delivery of ALL Klinke poultry in prime condition — ready for your oven. This accounts for the incomparable . . .

FLAVOR
The fresh-kill method is the reason why the succulent flavor is retained . . . why your Klinke bird gives you that mouth-watering goodness you get only in fresh-killed poultry. Every Klinke fowl is thoroughly cleaned and dressed immediately after it's killed. Head, feet and insides ALL are removed in the process.

PRICE
You pay no more **per pound** when you buy poultry by NET WEIGHT . . . and ALL Klinke prices are based on NET WEIGHT! You're not paying for head, feet, and insides.
